

The Fish Factory

vertical

POWER: 9V power supply only not exceeding 200ma
No battery in this vertical version,

POWER ADAPTER: Negative Center - Positive Ring
please use only high quality power supplies that are
transformer isolated such as the Voodoo Labs Pedal Power

The Fish Factory is two independent pedals in one box.
Both can be used at the same time. When both sides are
engaged the result can be a bit crazy and might cause
squeals and oscillation!

Controls:

Blue Collar

drive: adjusts the distortion and compression

tone: midrange boost and cut

level: sets the output level

pres: presence and gain adjustment for the
Blue Collar side

Red Snapper

gain: adjusts the overall level of distortion.

bite: boosts the presence frequencies and gain

vol: set the level of volume. Right side for the
Blue Collar, left side for the Red Snapper

hi cut: this is a treble cut control for the
Red Snapper side

Order switch: switches the order of the two pedals
